

Bends and cuts rebar with ease

Precision angle bends are preset and completed in just seconds (cut: 3.1 seconds, bend: 5.1 seconds)

Utilizing 530W of power, it uniformly bends up to No.5 (3/8", 1/2", 5/8") Grade 60 rebar at a maximum angle of 180 degrees

Operator has complete control over velocity and angle at which the rebar is bent

Variable speed trigger with safety lock provides manual-like precision and control over the bending speed

Reference markings on bending plate provide for easy position adjustment

With the turn of a pre-set dial, bends can be made at a numerous variety of angles.

Easily portable, weighing only 42 lbs.

Extremely low profile design (18.4"L x 8.5"H x 9.1"W), yet extremely stable.

Standard accessories include wrench and cutter.
